HONOR AND DISHONOR

Battle at Manila Has Brought Both.

Dewey to be Honored in Washington.

Spanish Minister Marine Censured.

Washington, May 3.—The first naval engagement of the war with Spain, particulars of which are not obtainable, has brought honor to Commodore Dewey, the brave United States commander, and dishonor to the minister of marine at Madrid who planned the part the Spaniards took in the engagement. Secretary Long of the navy department stated this morning that Commodore Dewey would be made acting admiral and a little later in the day he was nominated for rear admiral. In the house of representatives Mr. Dewey offered a resolution thanking him for his brave services at the engagement at the Philippines and moving him to the position of admiral.

While this was going on in Washington a very different scene was in progress at Madrid. In the cortes a vote of censure was being proposed against the minister of marine and it was undoubtedly passed. The leading papers of Madrid state that a crisis in the Spanish cabinet has been postponed but a few hours. There are now but few people in Washington who believe that the war will be prolonged to any extent. The president is awaiting advice from Dewey before deciding on sending troops to Manila.

FOOLED THEM.

For Starr Did Not Make Appointments Last Night.

There was a packed house at the city last night. A very large attendance was caused by the appointment of officers which should have occurred last night. There were many conjectures as to how the mayor would stand over the officers, but the mayor did not make any appointments on Tuesday night (tonight) and the city adjourned.

A NEW BELL.

John's Church Putting in a Large Bell Today.

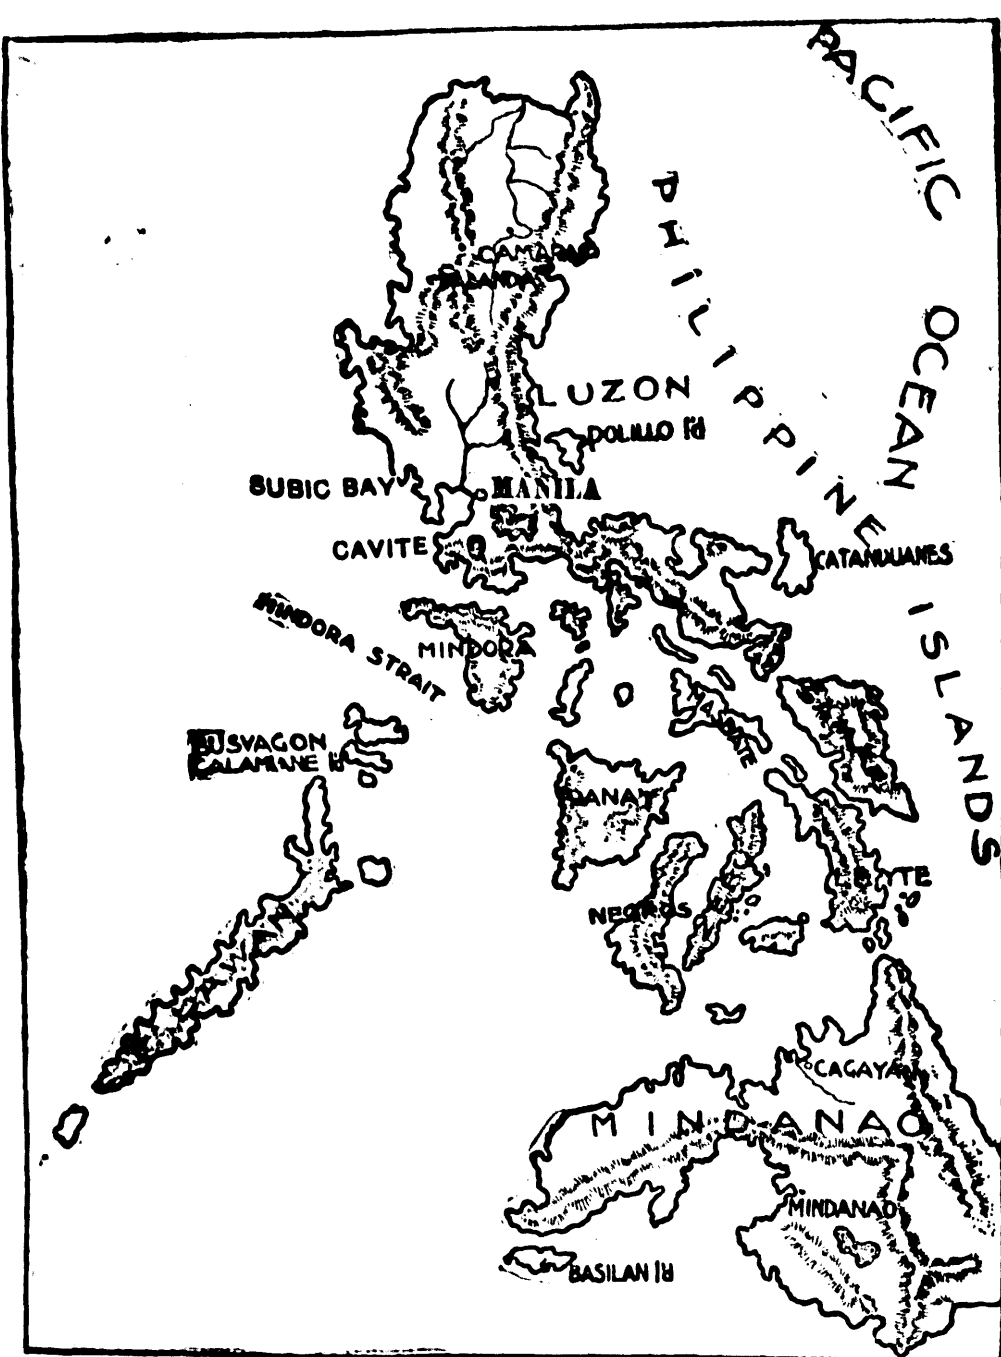

John's Catholic church is erecting a large bell that has just arrived from the works at Baltimore. The bell is the gift of individual parents to the church and the money raised by subscription. It will be rung a week from tomorrow when its tones will be heard for the first time. At the dedication of the bell Father O'Brien of Kalamazoo will be in the sermon. The bell will be rung at 6 o'clock in the morning, at noon and at 6 each evening, after it is dedicated. The church and Rev. Father Mulcahy were congratulated.

ONE OUT OF SIX.

Portion of Applicants Helped by Poormaster.

Mr. Rowe, who has been poormaster of the foundation of the city until recent time, thought he was going to keep his flag of good humor from the ramparts in the "last night" that he expected to be his last as poormaster. He stated that he had helped one out of every six who applied during the year, and now of those whom he refused to help, he was about to swear because the company does not pay high wages or because the Peters company refused to hire them.

The year 140 families have been helped, 27 sick persons given attendance, six persons injured given medical service, ten persons in the potter's field, all of which were paid to help the poor. The wall paper that sells for a half a roll as Bell's is this year the "Columbia" brand, so

MAP OF THE PHILIPPINE ISLANDS.

Above is an accurate and comprehensive map of the group of islands known as the Philippines. Of these, the most important is Luzon, of which Manila is the capital. A glance at the map shows the city of Manila is located on the east side of the bay of the same name. Three miles southwest of Manila is Cavite; at both places are located land forts and batteries. It was against the latter that Commodore Dewey's fleet had to contend in connection with the Spanish fleets. To the west and just north of the Bay of Manila is Subic bay, where Dewey's squadron was previous to entering Manila bay.

STILL IN THE RING.

Mayor Brant Writes an Open Letter to the Council About His Appointments.

OFFICERS BELONG TO HIM.

That is the Position Taken by the Mayor and He Gives His Reasons in the Case.

Mayor Brant has written the following open letter to the republican members of the council who last night turned down his candidates for street commissioner, poormaster and night policeman:

An open letter to the city council—Gentlemen of the common council: By your action last evening you have taken a stand that surprises me and also many of the taxpayers of the city. I have considered carefully what my duty was and as carefully tried to perform such in making my appointments. I will say that in the three names for the police force, Messrs. Hepler, Williams and Calderwood, I am sure not a word can be brought against these men and that they have qualities which make them appropriate for these positions none can deny. Not one of them can be charged with being unfit for the positions. Now, gentlemen, by your votes you confirmed the first two police and turned down Mr. Calderwood. Now gentlemen if you know of any good reason why Mr. Calderwood should not be appointed please let me know, as I want to appoint good officers. If I am not mistaken Mr. Calderwood has been one of the most efficient officers we have ever had. I refer you to Mr. Hobbs and Mr. Johnson, the detective of the C. & W. M. railroad and to many of our best citizens to sustain me in the statement that Mr. Calderwood is one of the best men we could appoint. If I wanted a man to sing in the choir or to deliver an oration I would not select Mr. Calderwood but for the place I named him he cannot be surpassed. We must look for the qualities which fit a man for certain positions. I see no reason why Mr. Crandall should not be confirmed. He is a good honest citizen, a man of good intelligence and worthy the place.

You rejected G. F. Cunningham. This man is a citizen of the most exemplary kind. He has lived since 1870 in this vicinity, has had experience which fits him for the place and is an active man of middle life and not a man can bring aught against him. One of you voted against that old citizen, Samuel McGuigan, who was the first village president and has paid more taxes since the birth of the village than any three men in our city. Mr. McGuigan is a republican and has stood by the party since its infancy.

Now gentlemen I have been elected mayor of your city by 127 majority and I propose to try and give the taxpayers what they expect, a careful, economical and successful administration. To do this you certainly should be willing to grant me such rights as are properly mine, among which is to appoint men that I believe will carry out my instructions and then if I fail in what is

expected my administration will be responsible. You persist in holding a street commissioner in office that in his last bill presented to you of \$241, the bulk of which was spent in digging private cellars, one of which was Mr. Newland's. Understand Mr. Newland furnished the shovels.

Let me have officers of my selection and you can hold me responsible for success or failure.

Yours truly,
EDWARD BRANT, Mayor.

HENNING WON.

DAMAGES TO THE AMOUNT OF \$300 AWARDED.

Jennie Glavin Will Undoubtedly Receive a Judgment of \$105 With Interest.

The case of Henning vs. Chilson, which has occupied considerable time in the circuit court, was ended yesterday afternoon when the jury returned a verdict of \$300 for the plaintiff, Henning.

Last June the store of Parish & Chilson of Baroda was broken into and several dollars' worth of goods were stolen. Henning was a stranger in the neighborhood and was suspected of the robbery. Mr. Chilson swore out a warrant for his arrest and he was locked up until the day of trial when no one appearing against him he was dismissed. He brought suit for \$5,000 damages claiming malicious prosecution and although the jury gave him but \$300 he is satisfied and says his honor has been vindicated.

A stay of proceedings has been granted for 20 days and a motion for a new trial was over-ruled by the court. 60 days time was given to file bill of exceptions.

In the case of Eva Jackson vs. Henry D. Deam, a writ of certiorari was rendered against Deam and his surety. A stay of proceedings was granted for 20 days.

The case of Jennie Glavin vs. School District No. 3 of Chikaming township, was again taken up this morning and will undoubtedly go to the jury this afternoon or early tomorrow forenoon. It would appear from the evidence so far brought out in the case that Miss Glavin has the inside track and will get the amount she brings suit for with interest as she holds a contract to teach the school for five months and after teaching the school for three months she was asked to resign.

The case is attracting a large crowd of spectators.

THE WEATHER.

ONE BIG ROUND

Spain Planning One Supreme Effort.

Will Risk All on the Result.

Insurgents Win Victory in Cuba.

London, May 3.—Tests from Hong Kong show that the cable connecting the Philippine Islands with China has been cut 50 miles from Manila. A week or a fortnight may elapse before it can be repaired.

Advises received here from Madrid state that the Spanish government has decided upon desperate action and intends to throw its entire naval strength into one united and supreme effort to defeat the United States.

Kingston, Jamaica, May 3.—The Spaniards have evacuated Bayamo, one of the important towns of Santiago de Cuba and the town is now occupied by the insurgent forces.

Key West, May 3.—The gun boat Castine brought in a small prize this morning, the Spanish schooner Paseo.

The cruiser Marblehead has not yet arrived with its big prize, the steamer Argonauta.

AN EXTENSION.

Mr. McCord Wants More Street Railroad Track.

President McCord, of the Benton Harbor and Eastman Springs street railway company, asked for a franchise to extend his tracks last night to the westerly limits of the city.

The franchise proposes the following extension of his road: From corner Maine and Pipestone along West Main to Eighth street, on Eighth to Oak, on Oak to Center, on Center to Eagle, on Eagle to west limit of the city. The extension will reach to the proposed station of the Benton Harbor terminal road and will be a line connecting Eastman Springs with the new road. The franchise is being considered by the ordinance committee.

AT JACKSON.

Ruel Woodward Will Serve 3 Years and 2 Months in State's Prison.

Ruel Woodward, the Watervliet man who was convicted in the circuit court last week of criminally assaulting his little 11-year-old step-daughter, Vera Abernethy, was arraigned in court yesterday afternoon to receive his sentence.

The judge had received letters and petitions from the neighborhood in which Woodward resides, requesting a light sentence in view of the fact that Woodward was intoxicated when he made the assault. The letters evidently had some effect upon Judge Coolidge as he sentenced him to three years and two months at hard labor in the state's prison at Jackson.

It was thought by several people who heard the testimony in the trial that Woodward would get anywhere from five to eight years and perhaps the limit, which was 10 years.

The sheriff expects to leave the latter part of the week with Delilah Purcell and Woodward for Jackson.

THREE FELL DOWN

Mayor Brant Got All But Three Appointments.

Failed on Street Commissioner, Poormaster and One Officer.

FRANK E. HEPLER NOW CHIEF OF POLICE.

William C. Hicks the New City Attorney.

NOMINATIONS BY MAYOR.

CONFIRMED.

City Attorney—W. C. Hicks, (unanimously.)
Marshal—Frank E. Hepler, (unanimously.)
Day Police—C. C. Williams, (Yes 6, No 2.)
Health Officer—Dr. G. M. Bell, (unanimously.)
Teamster—Philo Russell, (unanimously.)
Harbormaster and Bridge Tender—Jesse Johnson, (unanimously.)
Member Board of Public Works—John Robinson, (unanimously.)
Fire Warden—W. A. Clauser, (unanimously.)
Building Inspector—Otis Southworth, (Yes 6, No 2.)
Fire Chief—Charles Johnson, (unanimously.)
City Engineer—George F. Rounds, (unanimously.)
Member Cemetery Board—S. McGuigan, (Yes 7, No 1.)

REJECTED.

Street Commissioner—George F. Cunningham, (Yes 1, No 7.)
Poormaster—T. J. Crandall, (Yes 2, No 6.)
Night Policeman—Samuel Calderwood, (Yes 2, No 6.)

The democratic mayor and republican council did not see things in the same way last evening and in consequence three appointments made by Mayor Brant were turned down.

After the regular business of the council had been finished Mayor Brant made his appointments for the coming year. Before any vote was taken Alderman Butzbach, who was the leader on the republican side last night, moved that the appointments of the mayor be confirmed by ballot and the motion prevailed.

The mayor then appointed William C. Hicks city attorney. The nomination was confirmed by a unanimous vote. Mr. Hicks is a good lawyer, a democrat, and was city attorney during the administration of ex-Mayor Plummer.

Frank E. Hepler was then named as marshal and his nomination was unanimously confirmed. Mr. Hepler is a master carpenter, having for several years been foreman for Contractor F. F. Pratt. Before coming to Benton Harbor Mr. Hepler served with distinction on the police force at Ligonier, Ind. He owns property here and will make an ideal officer.

For day policeman the mayor named C. C. Williams, the well known merchant police of the city. His nomination was confirmed by a vote of 6 to 2. The next appointment was that of Samuel Calderwood for night policeman and here was the first disagreement between the mayor and the council. The nomination was rejected by a vote of 6 to 2.

The mayor passed on without a word and appointed George F. Cunningham as street commissioner. This appointment was turned down by a vote of 7 to 1. The republican members of the council believe that W. B. Shankland is an excellent street commissioner and that he cannot be improved upon.

Dr. George M. Bell was appointed

health officer and the appointment met the unanimous approval of the council. The appointment could not be better. For poormaster, T. J. Crandall was appointed, but it was voted down 6 to 2. In this case the council believed that J. O. Rowe, the present incumbent, understood the work better than any other man. The mayor passed this office the same as the others without venturing a second appointment.

The mayor then named Philo Russell for teamster, and added the remark that he was a good republican. Mr. Russell is at present filling the position to the perfect satisfaction of the city. The nomination was unanimously confirmed.

Jesse Johnson was appointed harbormaster and bridge tender and the appointment was unanimously confirmed. W. A. Clauser was appointed fire warden and was confirmed 5 to 3.

John Robinson was appointed a member of the board of public works and unanimously confirmed.

Otis Southworth was confirmed as building inspector 6 to 2.

Charles Johnson was unanimously confirmed as chief of the fire department.

The mayor appointed George F. Rounds as city engineer. The question was raised that this was a matter pertaining to the board of public works, but the mayor thought they might vote on it anyway. Of course Mr. Rounds received a unanimous confirmation.

Samuel McGuigan was named as a member of the board of cemetery trustees to succeed S. G. Antisdale, and the nomination was confirmed 7 to 1.

MINOR MATTERS.

Other Business Transacted at the Council Meeting.

The street commissioner and police officers sent in their bills last night up to date—including the first two days in May. This showed that they had no hope of "holding over."

The report of Chief Sterns for the year showed that there had been 37 arrests, fines collected amounting to

\$264.65, 469 tramps given lodging and 221 tramps looked after.
Report of City Treasurer Conger showed \$15,359.08 on hand.
The committee on ordinances did not favor raising the meat and fish peddlers' license to \$50 per year on the ground that such a figure would be prohibitive. The council took the same view of the matter.

The suggested bond of Dr. J. J. Fabry with Daniel Green and Charles E. Stone as sureties was approved. The bond of Clerk Chaddock for \$1,500 with H. D. Poole and J. O. Rowe was approved.

On May 16 the Brunson avenue sewer roll will be reviewed.

Alderman Hall worked through a resolution to paper and paint the city hall and clerk's office. Colonel Ward was so prodigal as to suggest that a new carpet would be a good thing.

Alderman Daigneau wants the low limbs trimmed from shade trees so that umbrellas can be carried along the sidewalks and wagons, (such as covered laundry wagons for instance) can pass along the streets without having their tops scraped off. The matter will be attended to.

A resolution was passed ordering a telephone in hose houses No. 2 and 3, and a future resolution will provide that these companies respond to the alarm of fire only when telephoned to come.

GOOD RACES.

The Twin City Plank Track Will Have the Best Riders Known.

The new bicycle track will open to the public May 27 and 28. By that time the new grand stand seating 2,500 spectators and a neat pavilion will be finished.

The band stand will be in the center of the circle and will be occupied the opening days with the Evening News Newsboys' band who will give concerts each day.

TWO MORE RESCUED.

Employees of the Union Terminal Co. Tell of Their Experience.

Detroit, May 2.—Mr. Edward Seisco, a railroad man, who works for the Union Terminal Co., and boards at 37 20th Street, has recently been cured of an exceedingly severe case of Kidney Disease by Dodd's Kidney Pills.

"I never saw anything more wonderful than the cures these Pills are making," said Mr. Seisco. "I am sure I would have been dead now, only for them. And there is John Paisley, who works for the same company, who, as all the men know, has been sick for years with Kidney and Stomach trouble. He has spent hundreds of dollars doctoring, and nothing did him any good until he took Dodd's Kidney Pills. His case is even more wonderful than mine." Mr. Paisley was seen, and not only verified Mr. Seisco's statement, but was very pronounced in his praise of Dodd's Kidney Pills.

Dodd's Kidney Pills are the only remedy that has ever cured Bright's Disease, Diabetes or Dropsy, and are a never-failing cure for Rheumatism, Backache, Heart Disease, Impure Blood, and all diseases arising from disordered kidneys.

BERRIEN SPRINGS RESERVES.

Military Company Organizes—Village Without a Saloon.

Berrien Springs, May 3.—The Berrien Springs Reserves is the name of a new militia organization with thirty names already. A drill meeting is held nearly every night, and always on Tuesdays and Fridays. J. Sherlock Allen is drill master, and he will soon have one of the crack companies of the state. It is expected to organize a full company and go to the front if there is another call for volunteers.

The Berrien Springs Village Power company will hold its annual meeting May 11, when important developments are expected.

Will H. Andrews is in Cassopolis today on legal business.

The village council has failed to approve any saloon bonds as yet and for the present we are without a saloon, hence the unusual coherency of this letter.

Skinner's new livery barn is about finished. It is one of the best barns in the county, 40x100 feet in size, with all the latest conveniences.

THEY WILL HOLD OVER.

At the council meeting last night the republican council refused to confirm three nominations made by the democratic mayor as follows:
 Street Commissioner.
 Poormaster.
 Night Policeman.

Sec. 7, Chapter 5, provides that all officers appointed by the mayor, except officers appointed to fill vacancies in elective offices, shall hold until their successors are qualified and enter upon their duties.
 The mayor may suspend but he cannot remove permanently any officer without the sanction of the council.
 Unless the council recedes from its present position or is outgeneraled by the mayor it looks very much as though W. B. Shankland would continue as street commissioner, J. O. Rowe as poormaster and Dennis O'Brien as night policeman for an indefinite period.

COMMODORE Dewey is a democrat. It is a strange thing that the two heroes now discovered by the Spanish trouble should belong to the party opposed to the administration. General Lee and Commodore Dewey thus far divide the honors, with the commander of the Asiatic squadron carrying off the bigger chunk.

MAYOR Brant now experiences the same feeling that enveloped ex-President Cleveland when he referred to congress as a team of wild horses. Will the team run away with the driver or will the mayor tame the fractious horses?

Colored Journalism.

Here are three characteristic paragraphs from "The Della Light House of Greenville, Miss.", conducted by colored people:

"When these boys get to be men, before they marry a girl they are going to inquire about who the girl's mother is, and the girl will inquire who the boy's father is, and then we will see less weddings. How is that, Professor Jordon?"

"When some people owe a person a bill, when they meet them, they look off as though they did not see them. Here, my good citizens, that's ugly, and let us stop it. How is this, Phill Williams?"

"Mrs. L. L. Garretto gave our office a call this week, also Messrs. Clark and Mayfield. She left with us her best wishes. Yes, Mrs. L. L. Garretto is one that the writer and all others that know her keeps a special seat reserved in the private chamber of their heart for the purpose of entertaining her any time. Call again, Mrs. Garretto."

Inventive Genius of the Romans.

Virgil occasionally indulged in humor at the expense of his friend, Mæneas. He made at one time a pilgrimage to the oracle at Delphi, and on his return said to Mæneas, "I was awfully bored while I was away." "So?" said Mæneas. "And what was it that bored you, amicus meus?" "The augurs, of course," was Virgil's quick response. This incident goes far to prove the inventive genius of the Greeks and Romans, since even at that early date augurs and diviners had come into use.—Kansas City Star.

INCREASE IN THE DEBT.

War Expenditures Begin to Make Inroads on the Government Debt.

Washington, May 3.—The monthly statement of the public debt issued yesterday shows that at the close of business April 30, 1898, the debt, less cash in the treasury amounted to \$1,018,432,652, an increase for the month of \$9,716,301. The increase in the debt is accounted for by a corresponding increase in the cash on hand and the decrease in the cash is due to war expenditures. The debt is recapitulated as follows: Interest-bearing debt, \$847,367,010; debt on which interest has ceased since maturity, \$1,250,680; debt bearing no interest, \$385,595,684; total, \$1,234,243,274.

The cash in the treasury is recapitulated as follows: Gold, \$217,190,135; silver, \$512,894,282; paper, \$70,526,045; bonds, disbursing officers' balances, etc., \$30,507,395; total, \$831,117,862. Against which there are outstanding demand liabilities amounting to \$615,307,249, leaving the net cash balance in the treasury \$215,810,622.

Scores on the Diamond.

Chicago, May 3.—Following are the League base ball scores yesterday: At Chicago—Louisville 7, Chicago 13; at Pittsburgh—Cincinnati 7, Pittsburgh 3; at Brooklyn—Philadelphia 9, Brooklyn 10; at Washington—Boston 7, Washington 6; at Baltimore—New York 4, Baltimore 6; at Cleveland—Indian.

Western League: At Milwaukee—Columbus 6, Milwaukee 10; at St. Paul—Kansas City 2, St. Paul 5; at Minneapolis—Omaha 2, Minneapolis 6.

Concerning Breakfasts.

The breakfast appetite varies strangely. Some persons are content with a cup of coffee and a piece of toast; others make it the most determined meal of the day. Once it was formidable indeed. In Sir John Hawkins' "History of Music" is quoted a sixteenth century manuscript belonging to the house of Northumberland which gives the breakfast arrangements of the Percy family both for Lent and for flesh days, and, oh, how some of us have fallen away in trencher work! Here is the simple Northumbrian scheme: "Breakfast for my lord and lady during Lent: First, a loaf of bread in trenchers, two manchets (a manchet was a small loaf of white bread), a quart of beer, a quart of wine, two pieces of salt fish, six bacon'd herring, four white herring or a dish of sprats. Breakfast for my Lord Percy and Master Thomas Percy: Item, half a loaf of household bread, a manchet, a bottle of beer, a dish of butter and a piece of salt fish, a dish of sprats or three white herring. Breakfast for the nursery for my Lady Margaret and Master Ingeram Percy: Item, a manchet, a quart of beer (this for the nursery), a dish of butter, a piece of salt fish, a dish of sprats or three white herring."

At ordinary times my lord and lady fared thus: "First, a loaf of bread in trenchers, two manchets, a quart of beer, a quart of wine, half a chine of mutton, or else a chine of beef boiled." Lord Percy and Master Thomas Percy disposed of "half a loaf of household bread, a manchet, one bottle of beer, a checking, or else three mutton bones boiled," while to the thirsty nursery went "a manchet, one quart of beer and three mutton bones boiled."—Cornhill Magazine.

Australian Warfare.

Their military tactics were simple in the extreme, but they were all the case required. They relied primarily upon surprises, secondarily upon noise, with a vague and diminutive tertiary element of reliance upon weapons.

The first sallies failed in this encounter, but even though weapons were freely used for a brief period there was no considerable waste of material in the line of ammunition during the course of the combat. I noticed that most of the spears, vaddies, clubs, or whatever weapons were thrown were either actually caught in the air or quickly gathered up and hurled back again. There was very little waste of blood, too, I am sure, if, indeed, blood spilled upon a native battlefield can be accounted wasted. There was very little waste of anything but words, and they were not really wasted, on our side at least, for they won the day. It was much less expensive and much more sensible than civilized war. There was all of the fun and excitement and noise in that battle that there is in a good game of football, without one-half the danger and serious results. There was as real relief to pent up patriotism and as good an airing of strained diplomatic relations, as well patronized an opportunity for calling hard names and saying bad things of each other, as complete exultation in victory, and as thorough, submissive chagrin in defeat as great guns and modern munitions ever secured for two nations, and, withal, it was as harmless as a French duel.—Lippincott's.

To Our Patrons and Trade in General:

We take pleasure once more in calling your attention to White's ice cream, believing the few months we have been engaged in supplying the trade with ice cream and the success which has attended our efforts, we may say without offensive egotism, has been won by faithful and persistent efforts to please all who have favored us with their patronage. During these months we have made the acquaintance of nearly every citizen in Benton Harbor and it affords us pleasure to testify on every proper occasion our appreciation of the patronage and good will of our customers. In connection, we thank our patrons for their past favors, trusting that we may continue to merit the favors we have so long enjoyed, and also solicit orders from our new ones, assuring them that we shall always do our best to give satisfaction. Please call on us before placing your order with others. Yours respectfully,

MRS. T. B. WHITE.

Invalids Should Remember The Date

We wish again to call the attention of our readers to the return visit of the Drs. B. S. & Co., physicians who have already become so well and favorably known in our community. These physicians have spent their lives in investigation and treatment of Chronic and Private Diseases, and the fact that they refuse to prescribe for any disease outside of their specialties and ask only those to visit them who have failed to get relief from their family physician, entitles them to the confidence of the afflicted. Large numbers already through their private rooms at each visit, and every invalid is cordially invited to consult them at the Hotel Benton, Benton Harbor, Tuesday afternoon and Wednesday all day May 3 and 4. Consultation free and strictly confidential.

They will also be at St. Joseph, Lake Michigan, Monday afternoon and Tuesday morning May 4 and 5; Watervliet, N. Y., Wednesday, May 5, from 8 a. m. to 11 a. m.

CAMPS OF THE GUARD

Illinois Troops Getting Down to the Steady Work of Military Instruction.

PRACTICE MARCH OF SEVEN MILES.

Regular Rations of the United States Army. Now the Bill of Fare—Examinations for Surgeons Begun—Flag Presentation—Enlistment of Soldiers Begins—Process of Reducing the Force Goes on at the Indianapolis Camp—Iowa Officers to Lead Her Men.

Camp Tanner, Springfield, Ills., May 3.—Camp Tanner is now in perfect military post, and everything is running smoothly. The discipline enforced by General Barkley, commander of the post, is almost equal to that of the regular army. Each day the order grows better. The practice marches, commencing at five miles and increasing a mile each day and to be continued each day until a distance of twelve miles in an afternoon is covered, is proving of the greatest benefit to the men. The next marches, after twelve miles are accomplished in light marching order will be done in heavy working order, increasing the distance one mile a day until twelve are covered in four hours. Yesterday afternoon each regiment marched seven miles. The country roads are still muddy, so the troops were marched into the city on the pavement again.

Getting Them into Military Shape. Considerable maneuvering was done and the troops were cheered all along the line. The discipline enforced in the mornings by General Barkley is also beneficial. This consists of squad, company and battalion drill. A thorough course of sentry and guard duty is also enforced. General Barkley now having a guard that reaches around the entire 160 acres. The discipline is so perfect that a patrol guard has not been sent to the city for two nights. The camp is now receiving United States rations. Lieutenant Davis, U. S. A., is the quartermaster of the post and Lieutenant Cole, U. S. A., is the government commissary.

Examination for Surgeons. Lieutenant Biemling, law surgeon U. S. A., and Lieutenant Carter, surgeon First brigade, I. N. G., held an examination for medical officers in the senate chamber of the state house, commencing at 1 p. m. The examination was private. Each regimental surgeon and three assistant surgeons of each regiment were examined. Those passing the best examination will be the ones accepted by the government. The new regulations only include one regimental surgeon and two assistants. Upon the request of Surgeon General Senn, Major Charles Adams, surgeon, was detailed on special duty and assigned to duty with the First brigade. Charles C. Ames was appointed aid-de-camp, First brigade, with the rank of first lieutenant. Forty ladies arrived from Mattoon to attend the flag presentations in the afternoon to company E, of the Fourth regiment. Judge Horace S. Clark made the presentation speech.

Many More Men Sent Home. The United States army surgeons and enlisting officers began with the First regiment and will go through the other regiments in their order. The cavalry and artillery will be examined last. Yesterday's report shows thirty brigadier staff officers, 401 officers and 8,728 men in camp, making a total of 9,127. Many more men were sent home yesterday, having failed to pass the physical examinations, and these are not included in the total number in camp. Two guns of battery B, of Galesburg, arrived in camp yesterday afternoon, and with battery A, of Danville—making six guns—will form a battery for United States service.

THREE HUNDRED NOT WANTED.

All the Superfluous Men Have Not Left the Indiana Camp.

Indianapolis, May 3.—Notwithstanding the order of General McKee Saturday that all men who did not intend to volunteer should leave camp, there were still in camp 300 more men than will be required to fill the state's quota. About 600 men have gone home under the general's order. For every man that left his company, at least a half dozen were in waiting to step forward and fill the vacancy. The official reports to General McKee yesterday showed 4,601 men in camp. The maximum number of men that can be mustered into the regular service is 4,300—4,000 infantrymen and 300 artillerymen.

Nearly every company came into camp with from ten to forty surplus men, so that it was easy to spare the men who did not wish to go to the front and have been sent home. A few companies have been reduced below the maximum number, but in every instance except one, recruits have been brought from the home of the company at once and the quota has been filled. General McKee authorizes the statement that there is no prospect of places opening for additional volunteer companies.

Cities and towns that have furnished companies have local pride in their organizations and will see to it that all vacancies are promptly filled. "Besides there are many young men hanging around camp awaiting an opportunity to enlist," said the commander. As a rule the men whose families have stepped aside and are "jacks for young men with no spurs" are the ones.

St. Louis Sale of—It has finally been settled that quite a number of volunteers will go into a quiet city near Tower.

grove back not later than tomorrow, when the government will at once begin mustering the men into United States service.

Milwaukee, May 3.—The Wisconsin National Guard will be mustered into the service just as it was organized by the state, and not as provided by the army reorganization bill recently passed by congress. Last night the war department authorized Captain W. L. Buck, the mustering officer, to muster in the three majors and nine battalion adjutants of the guard who under the new army law were not permitted to enlist.

Des Moines, Ia., May 3.—The officers now in command will go to the front at the head of the Iowa militia. This was decided by Governor Shaw yesterday and Adjutant General L. H. East night notified General Lincoln, Captain Gimstead and General Prime, who were appointed as an officer examining board, so as to reduce the number of officers to settle the reorganization problem, that their services in that capacity would not be needed.

TWO VETS ON DEWEY'S VICTORY.

Gen. Harrison and Admiral Brown Praise the Brave Commander.

Indianapolis, May 3.—General Benjamin Harrison was seen at his home last night by a representative of the Associated Press and asked for an expression on the great naval victory. He prepared the following expression: "If the accounts we have received are correct the performance of our fleet under Commander Dewey at Manila will take a very high place in naval history. The passing at night into a harbor that was mined, to encounter at dawn the Spanish fleet under the guns of land fortifications, and that without any reconnaissance our dilatory preliminaries, was a magnificent exhibition of pluck. It recalls Farragut and Mobile bay. The fight must have been very hot, and we can hardly suppose, have escaped some losses in the gallant crew—if not of ships. I have an undaunted faith in the American navy—ship for ship and man for man, it is unmatched."

Admiral George Brown speaks in the most enthusiastic terms of Commodore Dewey. "Why," said the admiral, "I may say that I brought him up. I have known him since he entered the naval academy in 1854 or 1855. What a chance he had. But he was equal to it. The fight at Manila was his Trafalgar. More fortunate than Nelson he will live to enjoy the honor he has won. The moral effect of this victory in Europe is almost incalculable. The demoralization to Spain cannot be computed. I do not think Blanco can now hold out a month in Cuba. I would have been greatly disappointed if Dewey had not accomplished everything he was sent to do."

First Illinois Victim of the War.

Springfield, Ills., May 3.—Roy Parish, of Western Springs, a Chicago suburb, died Sunday evening at St. John's hospital of meningitis. The surgeons gave him up Saturday evening. He was enlisted as a private in the First cavalry and is the first of the Illinois volunteers to meet death. His mother was at his bedside when the end came.

TACTICS THAT WON.

New Old Bluntly Won the Election with a Whoop.

"I'll never forget when we had old Bluntly at the head of our Campaign Committee," said the ex-Congressman, who recently retired from politics. "All we put him there for was as a figurehead. He was honest, straightforward and universally trusted by the people. We simply wanted the benefit of his reputation, intending to make the fight without any of his help.

"But the old chap fooled us. He took the thing in deadly earnest and watched things with the care of a locomotive engineer hauling a fast passenger train. He believed in doing everything above board and was a bonanza to reporters. When a man of some prominence on the other side pretended to be converted to ours and made a dramatic demonstration at a big mass meeting of his change of heart, Bluntly gave it out that the fellow had been hired to play the part, and was a rank hypocrite. When we had made terms with a lot of repeaters to come in and help us out, Bluntly exposed the scheme and called the attention of the authorities to it in a way they could not ignore. When we bought up the leaders of a certain organization promising so much for each vote delivered from that source, Bluntly called attention to the conspiracy and declared that he would prosecute bribers and bribed if it were carried out."

"Who! Did the fellows on your ticket know they were running?"

"Did they? We swept the board. Not an office got away. Bluntly's honesty was so novel and refreshing that the people were tickled beyond expression. They couldn't believe that a man of his nerve and integrity could be endorsing the wrong ticket and it went with a whoop."—Detroit Free Press.

TO PREVENT "KNOCKING DOWN."

How Street Car Fares are Collected in Toronto.

Of the many devices employed by street railway companies to compel conductors to turn in all the fares which they collect the self-registering clock, operated by a cord, is the great favorite. One of the least known pieces of apparatus used for the same purpose is in service on the trolley cars in Toronto. The conductors there are permitted to change a bill or coin, and to sell a bunch of tickets, but not to receive into their hands the fare itself. Instead they are required to extend toward the passenger an odd-looking metallic receptacle into which he or she thrusts the money or ticket.

This collection-box is shaped something like a pint pitcher or syrup cup, without a spout. The only visible opening is through a narrow chamber which surmounts the cover. A slot, just long and wide enough to admit a Canadian dime or half-dime or a ticket, pierces the top of this chamber, which serves as an ante-room to the main reservoir below. The passenger having made his deposit, the conductor inspects it through the glass sides of the small compartment in which it temporarily reposes, and then, if satisfied, he presses a button and thereby dumps the fare into the larger box underneath. A side door, unlocked only by some representative of the financial department of the company, at the close of the day's service, provides for the eventual authorized removal of the contents.

A BAD TRAP FOR BURGLARS.

Horrible Devices for the Punishment of Safe Breakers.

Applications have been made to the Patent Office in Washington for the protection of three inventions to discourage burglary and more especially train robbery. They provide punishments compared with which the tortures of the Inquisition were mere pastimes.

The penalties are electrical. Those who make use of them may choose between scalding a burglar to death, filling him full of lead, or merely shocking him into unconsciousness, if it is not desired to execute him by machinery.

The best device is quite original. It provides for a kind of trap-door directly in front of a safe, placed in such a position that it will be impossible for the burglar to reach the safe unless he steps upon it. Directly he touches this trap the robber will be enveloped in hissing blistering steam.

The purely electrical protector is more interesting. It can be adjusted so that it will paralyze maim or kill, as is desired. A powerful electric battery is connected with the safe. In front of the safe is a steel mat. When the thief stands on the mat and touches the knob or any part of the safe he will receive a shock that will put an end to his energy.—New York World.

Professor Knowall.

"Miss Vernon, what would you say if I were to tell you that vanity is but the looking-glass that reflects imaginary virtues and conceals real faults?"

Miss Vernon (simply)—"I should say you ought to know."—Brooklyn Life.

On the face of it, the system is a good one. There are people in Toronto who enthusiastically declare that it is absolutely perfect. All the same, a visitor to Toronto saw the railroad company defrauded twice in one evening. One conductor, who was engaged in closing the car windows, took the fare into his hands, ostensibly because he was too busy at the moment to go for his pitcher. Another, after a ticket had been deposited in the proper place, tilted the receiver upside down, and let the coin slip out of the slot, instead of pressing the button for it to drop.

Dr. McDonald has for years made a study and specialty of chronic and lingering diseases that require skillful medical treatment for their cure. Such cases as family physicians fail to help and pronounce incurable are particularly solicited, especially those over-dosed with strong mineral drugs and poisons. Dr. McDonald uses only the purest medicines from the vegetable kingdom. He pays attention to the cause of the disease and instructs his patients the way to health and happiness. Dr. McDonald can show him hundreds of testimonials in the hand written of grateful patients who have been cured by him when others failed. He is so familiar with the human system that he is able to read all diseases of the mind or body correctly at a glance without asking any questions. Thousands of invalids are being treated daily for diseases that they do not have, while a few drops of medicine directed to the seat of the disease would give speedy relief, and permanent cure in a very short time. Good health is the most precious jewel in our crown of happiness. With it the world is bright; without it, misery claims us for her own. If you are a sufferer you should weigh well these words: A person who neglects his health is guilty of a great wrong to himself and a grave injury to humanity. The name of Dr. McDonald, the well-known specialist in the cure of chronic and lingering diseases, has become a household word in thousands of homes which his skill and wonderful remedies have made happy by restoring dear ones to health after all hopes were lost. The doctor is a graduate of the highest and best medical colleges, and his advanced theories in the treatment of chronic diseases surprise the most skeptical. All chronic diseases of the

EYE, THROAT, HEART, STOMACH, EAR, LUNGS, LIVER, and BOWELS,

scientifically and successfully treated. Dr. McDonald has made a special study of all diseases of the brain and nervous system, and all delicate and obscure diseases peculiar to women.

Dr. McDonald's Special Remedies are a permanent cure for men suffering from nervous and sexual debility and early decay. Rheumatism and paralysis cripples made to walk; catarrhal deafness positively cured and many made to hear a whisper in a very few minutes. All aches and pains fade away under his magical remedies. Epilepsy or falling sickness positively cured through his new method of treatment. Special attention given to catarrh and diseases of the blood.

SOCIETY AND PERSONAL

Mrs. H. M. Rouse is in Chicago to-day buying spring goods.
Mrs. and Mrs. Charles Foster spent Sunday at Paw Paw lake.
Edwin Edmunds is confined to his home on Bishop avenue by sickness.
Mrs. R. A. Ogden left today for Elkhorn, Wis., where she will spend two months with relatives.
Mrs. O. B. Hipp, Miss Frances Hull and Mrs. F. M. Kerry are in Chicago today attending the art exhibition.
Mrs. Bert Duncombe, of Keeler, Mrs. Warren, of Hartford and Mrs. Philip Peters of this city were passengers on the steamer City of Louisville last night for Chicago.

The Chautauquans spent a pleasant afternoon, Friday, with Mrs. G. M. Valentine. After war and house cleaning had been discussed, ancient Rome and Italian Renaissance were taken up. Catacombs of Rome was read by Mrs. Valentine. Fruits and nuts were served Russian style. The next meeting will be with Mrs. O. B. Hipp, with the program: Events of the week; Roman art, page 125 to 170, Mrs. Curtis; Cuba and her people, Mrs. Van Camp; Knights Templars, talk by Mrs. Hendrix; quiz questions, Mrs. Valentine.

Miss Myrtle Moss Mericle will give an entertainment at Conkey's hall, May 13, under the auspices of the L. O. T. M. Miss Mericle is the talented elocution teacher at Benton Harbor college and since her first appearance here has been a great favorite with Benton Harbor people. The program will no doubt be very enjoyable.

A merry gathering of the Bay Viewites at the home of Mrs. J. S. Barker, last evening, responded to roll call with fish and frog stories. Laughter was frequent as the various narrators told of their most interesting experiences in the piscatorial line. The lesson on fish and frog life was very interesting. Mr. and Mrs. Barker gave interesting descriptions of the trout hatcheries at Paris. A reading on "Deep Sea Wonders" by Miss Underhill, one on "Flower Life" by Mrs. Finch and Holmes "Chambered Nautilus" by Miss Finch, with facts of natural science contributed by all, concluded a very interesting program. The next meeting will be held with Mrs. B. S. Alley, when a nature study program will be given.

Invalids Should Remember The Date

We wish again to call the attention of our readers to the return visit of the Drs. B. S. & Co., physicians who have already become so well and favorably known in our community. These Physicians have spent their lives in the investigation and treatment of Chronic and Private Diseases, and the fact that they refuse to prescribe for any disease outside of their specialties and ask only those to visit them who have failed to get relief from their family physician, entitles them to the confidence of the afflicted. Large numbers already through their private rooms at each visit, and every invalid is cordially invited to consult them at the Hotel Benton, Benton Harbor, Tuesday afternoon and Wednesday all day, May 3 and 4. Consultation free and strictly confidential. They will also be at St. Joseph, Lake View, Monday afternoon and Tuesday forenoon, May 2 and 3; Watervliet, Wolcott House, Thursday from 8 a. m. until 11 a. m., May 5.

Miss Carrie Robinson of Chicago is the guest of friends here.

Miss Bertha Hilmick, of Chicago, is the guest of friends and relatives here. The Truscott boat company is crowded with orders and are working a large force of men.

The new addition to the Mullen paper mill is rapidly nearing completion. They will manufacture a new patent butter dish of which they are the inventors.

There are no less than eight different petitions in circulation today asking Mayor Star to appoint Mr. so and so chief of police. Someone will undoubtedly be disappointed.

James Shuler, who was to start a new independent daily in St. Joseph last month, has been disappointed in obtaining the outfit he desired but expects to have an entire new outfit here some time this month.

It is stated in a marine paper that the life saving men from this city and indeed from all the cities on the lake coast will be called to do signal duty on the Atlantic coast until war is over.

Miss Stella Davis has been named as the most popular young lady in town. In the voting contest at Church's store for a Crescent bicycle Miss Davis received 38,547 votes or 28,000 majority over the second in the race.

The remains of the late Frank Schnader who died in Los Angeles, California, last week are expected to arrive in this city tomorrow morning accompanied by his mother and brother. Mr. Schnader was well known here and had many friends who will mourn his death. He was a son-in-law of William Riceby. Arthur Schnader and Charles Schnader of Chicago are in the city to attend the funeral which will be held tomorrow.

RHEUMATISM CURED IN 24 HOURS. T. J. BLACKMORE, of Haller & Blackmore, Pittsburg, Pa., says: "A short time since I procured a bottle of MYSTIC CURE. It got me out of the house in twenty-four hours. I took to my bed with Rheumatism nine months ago and the MYSTIC CURE is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the MYSTIC CURE to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by Geo. M. Bell & Co., Druggist, Benton Harbor, 103 Main street.
